Joyful and Flexible Solutions for Learners and Trainers

PROJECT OBJECTIVES

1. To help provide adults – particularly from disadvantaged groups – with **pathways** to improve their knowledge and competencies by promoting adult literacy.
2. To improve and enrich **tools** in adult education for trainers to teach languages and citizenship.

TARGET GROUPS

1. Disadvantaged people: adults who need to enhance their literacy and numeracy levels, e.g. migrants, unemployed.
2. Adult literacy and numeracy professionals, trainers and staff from adult education institutions.

TRAINING KIT

ADULT LITERACY can help you with trainings. You may participate in a language course (onsite and eLearning) to enhance competences in writing and reading or more generally to find a job. At Skills International we find it important to provide you with tutoring together with our partners from Austria, UK, Italy, Poland, Portugal and Turkey.

CREATIVE TRAINING TOOLS

The training kit tools are based on creative teaching methods and approaches to meet the target groups' particular needs (at each partner's level and specific context), making learning more interesting in order to enhance responsibility and social engagement.
